WHY MUST WE STOP THE HOUSING BILL?

It's hard to find a home you can afford. Now the Government is pushing policies to make the housing crisis worse. The Housing and Planning Bill threatens to destroy council housing, push up rents, and take away secure tenancies. If it passes, millions more

people will be trapped in insecure, expensive private renting. Long-term stable communities will be broken up, with homes sold off, making way for more luxury redevelopments. That's why people are linking up across the UK to stop the Bill.

Venue: Doubtfire Hall,
Tatum Street SE17 1QR

MEETING CALLED BY Rodney Tenants and Residents Association, Kinglake Tenants and Residents Association, Alvey Tenants and Residents Association, Congreve and Barlow Tenants and Residents Association, Mardyke Tenants and Residents Association, Walworth East Area Tenants Forum and Southwark Group of Tenants Organisations
